INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

International application No. International filling date (day/month/year) PCT/GB2004/002419 O7/06/2004 O7/06/2003 Applicant BREWNER, Ne S1, Colvin This international Search Report has been prepared by this international Searching Authority and is transmitted to the applicant accounting to Article 1s. A copy is being transmitted to the international Search Report consists of a total of	ant's or agent's file reference 9 1 PC/AS/GW	FOR FURTHER ACTION	see Fort PCT/ISA/220 as well as, where applicable, item 5 below.
Applicant BREMNER, Neil, Colvin This international Search Report has been prepared by this international Searching Authority and is transmitted to the applicant according to Ancte 18. A copy's being transmitted to the international Search Report consists of a total of		international filling date !day/month/	
This international Search Report has been prepared by this international Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the international Bureau. This international Search Report consists of a total of	<u>-</u>	07/06/2004	
This international Search Report has been prepared by this international Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the international Bureau. This international Search Report consists of a total of			
This International Search Report consists of a total of			
It is also accompanied by a copy of each prior and document cited in this report. 1. Baels of the report 2. With regard to the language, the international search was carried out on the pass of the international application in the language in which it was filed, unless otherwise indicated under this item. 1. The international search was carried out on the basis of a translation of the international application turnis this Authority (Rule 23.1(b)). 2. The international application and turnish the international application and the international application and the international application. See 8 ox N. 2. Certain claims were found unsearchable (See 8 ox II). 3. Xi Unity of invention is lacking (see 8 ox III). 4. With regard to the litte, Xi the text is approved as submitted by the applicant. The text has been established by this Authority to read as follows: 3. The text has been established according to Rule 38.2(b), by this Authority as it appears in 8 ox No. IV. The adolicant may, within one month from the date of mailing of this international search report, submit comments to this Authority as a suggested by the applicant. 2. Xi the figure of the drawings to be published with the abstract's Figure No. 3. Xii the figure of the drawings to be published with the abstract's Figure No. 3. Xii as autogested by the applicant. 3. Xii as autogested by the applicant. 4. Xii as autogested by the applicant.	nternational Search Report has been a ding to Article 18. A copy is being tran	prepared by this international Search smitted to the International Bureau.	ing Authority and is transmitted to the applicant
a. With regard to the language, the international search was carried out on the basis of the International application in the language in which it was filed, unless otherwise Indicated under this item. The international search was cerried out on the basis of a translation of the international application turn's file Authority (Rule 23.1(b)). With regard to any nucleotide and/or amino acid sequence disclosed in the International application, see 8ox N. Certain claims were found unsearchable (See Box III). With regard to the litte, With regard to the litte, With regard to the titte, the text is approved as submitted by the applicant, the text has been established by this Authority to read as follows: With regard to the abstract, the text is approved as submitted by the applicant, the text has been established, according to Rule 39.2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority with regard to the drawings. a. the figure of the drawings to be published with the abstract is Figure No. Sequence disclosed in the international application in the international search report, submit comments to this Authority, because the applicant falled to suggest a figure.			
With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see 86x N Certain claims were found unsearchable (See Box II). Unity of invention is lacking (see Box III). With regard to the title, It the text is approved as submitted by the applicant. The text has been established by this Authority to read as follows: With regard to the abstract, It the text is approved as submitted by the applicant. The text has been established, according to Rule 38,2(b), by this Authority as it appears in Box No. IV. The accident may, within one month from the date of mailing of this international search report, submit comments to this Authority. With regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No. It as suggested by the applicant. as selected by this Authority, because the applicant falled to suggest a figure.	With recard to the language, the int	ternational search was carried out or as otherwise Indicated under this item	the basis of the international application in the
2. Certain claims were found unsearchable (See Box II). 3. [X] Unity of invention is tacking (see Box III). 4. With regard to the title, [X] the text is approved as submitted by the applicant. [I] the text has been established by this Authority to read as follows: 5. With regard to the abstract, [X] the text is approved as submitted by the applicant. [I] the text has been established, according to Rule 38,2(b), by this Authority as it appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority with regard to the drawings, a. the figure of the drawings to be published with the abstract is Figure No. [5] [X] as suggested by the applicant. [I] as suggested by this Authority, because the applicant falled to suggest a figure.			
3. [X] Unity of invention is lacking (see Box III). 4. With regard to the title, [X] the text is approved as submitted by the applicant. [The text has been established by this Authority to read as follows: [X] the text has been established by this Authority to read as follows: [X] the text is approved as submitted by the applicant. [X] the text has been established, according to Rule 38.2(b), by this Authority as it appears in Box No, IV. b none of the figures is to be published with the abstract.	as sciented by this Au	incrity, because this figure better cha	racterizes the invention.

Form PCT/(SN210 (first sheet) (January 2004)

INTERNATIONAL SEARCH REPORT

International application No. PCT/GB2004/002419

Box II Observations where certain claims were found unsearchable (Continuation of Item 2 of first sheet)
This International Search Report has not been established in respect of certain claims under Article 17(2)(a) for the foliowing reasons:
Olaims Nos.: because they relate to subject matter not required to be searched by this Authority, namely:
2. Claims Nos.: because they relate to parts of the International Application that do not comply with the prescribed requirements to such an extent that no meaningful International Search can be carried out, specifically:
3. Claims Nos.: Decause they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).
Box III Observations where unity of invention is lacking (Continuation of item 3 of first sheet)
This International Searching Authority found multiple Inventions in this International application, as follows:
see additional sheet
As all required additional search fees were timely paid by the applicant, this International Search Report covers all searchable claims.
2. As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.
3. As only some of the required additional search fees were timely paid by the applicant, this international Search Report covers only those claims for which fees were paid, specifically claims Nos.:
4. X No required additional search fees were timely paid by the applicant. Consequently, this International Search Report is restricted to the invention first mentioned in the claims; It is covered by claims Nos.: 1-32
Remark on Protest The additional search fees were accompanied by the applicant's protest. No protest accompanied the payment of additional search fees.

FURTHER INFORMATION CONTINUED FROM PCT/ISA/ 210

This International Searching Authority found multiple (groups of) inventions in this international application, as follows:

1. claims: 1-32

golf bag with apertures through the side walls

2. claim: 33

method of manufactoring golf bag with tubes

3. claims: 34-42

a frame for a golf bag
